

Connecting to MIT-Wireless on Mac

This guide explains how to connect your BYOD Mac OS device to the MIT-Wireless network while you are on campus

1. Click on the Wireless network symbol at the top right hand corner. Ensure Wi-Fi is set to “On” ,

2. Look for “MIT-Wireless” and click on it to connect

3. You will be promoted to authenticate. Enter your username and password.

4. MIT-Wireless should be connected.
Or depending on your location, your default web-browser may open up requesting your username and password.
Enter the same details and click “Continue” to start browsing.
